# Acoustic signaling siren **DEGA S II**

The DEGA S II acoustic signaling siren is part of the DEGA gas detection system. It is designed as a compact device for installation in non-explosive areas. The wide input voltage band ensures flexible use in many industrial and other applications.

## TECHNICAL DETAILS:

Input voltage:	18 - 28 VDC
Current:	12 mA
Audio output:	102 dBA
Ambient temperature:	-25 °C to +70 °C
Design:	ABS V0
Cover:	IP 65
Weight:	0,25 kg
Color design:	red
Dimensions:	93 x 93 mm (WxH)

## ACCESSORIES:

DEGA TL II  
stop button

External  
accessory box

External power  
supply  
DR 60W, DR 100W
